B.2	Legal context	The Company is registered and incorporated in Bermuda as an exempted company limited by shares under the Bermuda Companies Act 1981 with reg. no. 39861 having its registered office in Hamilton, Bermuda.
B.4b	Tendencies	<p>Apart from the following tendencies, which based on the Company’s opinion, the Company is not aware of any tendencies that, directly or indirectly, has materially affected or materially would affect the Company’s operations.</p> <p>As an increasing number of people have gained access to the internet, the marketplaces have migrated from the local marketplace to the internet. Consequently, the line between local and global has started to dissolve, and buyers and sellers are today only a click away from each other, despite long geographical distances.</p> <p>In developed countries with a high level of internet penetration, the migration to online marketplaces has reached a high maturity with several multi-billion dollar companies such as eBay, Amazon and Airbnb. In many emerging markets the level of internet penetration lags far behind that of the more developed countries. While the internet penetration in these regions is still low, for example in the area surrounding the Middle East and North Africa and CIS region, it has increased rapidly and is expected to close the gap to the more developed peers in a quick pace.</p> <p>There is a tendency of strong development in Russia and other emerging markets due to structural factors such as large population, increased internet penetration, improved payment solutions and better infrastructure. If foreign investments are inhibited this would have a negative impact on the country's economy, which could have a material negative impact on the Group's operations, earnings and financial position.</p> <p>Liquidity risk: Failure to meet its payment obligations could have a material negative impact on the Group's operations, earnings and financial position</p> <p>The global capital markets and the economy in general: The Group's results of operations are materially affected by conditions in the global capital markets and the economy in general. If any of the above described risks were to materialise it could have a material negative impact on the Group's operations, earnings and financial position.</p> <p>Domestic political conflicts and the risk of terrorism: Any terrorist attacks and the resulting heightened security measures in any of the markets where the Company's portfolio companies are active could have a material negative impact on the Group's operations, earnings and financial position.</p> <p>Accounting practice and access to other information: Practice in accounting, financial reporting and auditing in emerging markets cannot be compared with the corresponding practices that exist in the Western world and is in comparison less transparent and reliable. Inadequate information and weak accounting standards could have a material negative impact on the Group's operations, earnings and financial position.</p> <p>Corporate governance risk: Misuse of corporate governance remains a problem in Russia and other emerging markets, e.g. mistreatment of minority shareholders, related party transactions, agency problems and lack of transparency as to shareholding. Deficiencies in legislation on corporate governance, judicial enforcement and corporate legislation could have a material negative impact on the Group's operations, earnings and financial position.</p>
D.3	<p>Risks relating to the Bonds</p> <p>Any investment in securities involves risks. Any such risks could result in a significant fall of the market price of the Bonds and investors losing all or part of their investment.</p> <p>Credit risks: An increased credit risk may cause the market to charge the Bonds a higher risk premium, which would have an adverse effect on the value of the Bonds.</p>

		<p>Refinancing risk: Inability to refinance its debt obligations on acceptable terms, or at all, could have a material adverse effect on the Issuer's business, financial position and results of operations and on the bondholders' recovery under the Bonds.</p> <p>Interest rate risk: Movements of the Market Interest Rate can adversely affect the price of the Bonds and can lead to losses for the bondholders if they sell the Bonds.</p> <p>Liquidity risks: Lack of liquidity in the market may have a negative impact on the market value of the Bonds. There is also a risk that the Bonds will not be admitted to trading on a regulated market or that an active trading market for the Bonds will not develop or be sustained.</p> <p>The market price of the Bonds may be volatile: Changes in financial estimates by securities analysts and the actual or expected sale of a large number of Bonds, as well as other factors, such as general price and volume fluctuations of the global financial markets could adversely affect the market price of the Bonds without regard to the Group's operating results, financial position or prospects.</p> <p>Unsecured obligations: The bondholders will only have an unsecured claim against the Issuer. As a result, the bondholders risk not recovering any or all of their investment.</p> <p>Currency risk: If investors in the Bonds measure their investment return by reference to a currency other than SEK, an investment in the Bonds will entail foreign exchange-related risks implying that investors may receive less interest or principal than expected, or no interest or principal.</p> <p>Dependence on subsidiaries: Should the Issuer not receive sufficient income from its subsidiaries, the investor's ability to receive payment under the Terms and Conditions may be adversely affected.</p> <p>Structural subordination and insolvency of subsidiaries: Due to the Bonds structural subordination to the liabilities of the Company's subsidiaries, there is a risk that the Group and its assets would not be protected from actions by the creditors of any subsidiary of the Group. In addition, defaults by, or the insolvency of subsidiaries of the Issuer could result in the obligation of the Issuer to make payments under financial or performance guarantees in respect of such subsidiaries' obligations or the occurrence of cross defaults on certain borrowings of the Group, which could have a material adverse effect on the Issuer's business, financial position and results of operations and on the bondholders' recovery under the Bonds.</p> <p>Risks related to early redemption and put option: There is a risk that the market value of the Bonds will be higher than the early redemption amount. There is also a risk that the Issuer will not have sufficient funds at the time of a prepayment of the Bonds required by the bondholders (put option) which could adversely affect the bondholders' recovery under the Bonds</p> <p>No action against the Issuer and bondholders' representation: Failure of all bondholders to submit the power of attorney needed for certain court actions against the Issuer could negatively affect the legal proceedings. Also, the actions of the Trustee could impact a bondholder's rights in an undesired manner.</p> <p>Bondholders' meetings: Actions of the bondholder majority could impact a bondholder's rights in a manner that would be undesirable for some of the bondholders.</p> <p>Ability to comply with the Terms and Conditions: Events beyond the Group's control, may affect the Group's ability to comply with the Terms and Conditions. A breach of the Terms and Conditions could result in a default under the Terms and Conditions.</p> <p>Restrictions on the transferability of the Bonds: There is a risk that a bondholder cannot sell its Bonds as desired due to legal restrictions.</p> <p>Risks relating to the clearing and settlement in Euroclear's book-entry system: If Euroclear's account-based system would not function properly, there is a risk that investors would not receive payments under the Bonds as they fall due.</p> <p>Amended or new legislation: There is a risk that amended or new Swedish legislation and administrative practices, such as new or amended tax legislation, may adversely affect the investor's ability to receive payment under the Terms and Conditions.</p> <p>Conflicts of interest: There is a risk that conflict of interest exist or arise as a result of the Issuing Agent and Sole Bookrunner having engaged, or will engage, in transactions with other parties, having multiple roles or carrying out other transactions for third parties with conflicting interests. 2 Risk factors

Investing in the Bonds involves inherent risks. The financial performance of the Issuer and the Group and the risks associated with its business are important when making a decision on whether to invest in the Bonds. A number of risk factors and uncertainties may adversely affect the Group. If any of these risks or uncertainties actually occurs, the business, operating results and financial position of the Group could be materially and adversely affected, which ultimately could affect the Issuer's ability to make payments of interest and repayments of principal under the Terms and Conditions. In this section, a number of risk factors are illustrated, namely general risks pertaining to the Group's business operations and material risks relating to the Bonds as financial instruments. The risks presented below are not exhaustive and other risks not discussed herein may also adversely affect the Group, the price of the Bonds and the Issuer's ability to service its debt obligations. Further, the risk factors are not ranked in order of importance. Potential investors should consider carefully the information contained in this Prospectus and make an independent evaluation before making an investment decision.

Risk related to the Group, the industry and the market

Price risks

The Issuer is exposed to share price risk because of private equity investments held by the Issuer and classified on the consolidated balance sheet as financial assets at fair value through profit and loss. A decrease in the value of unquoted shares would affect post-tax profit and equity and may have a material negative impact on the Group's operations, earnings and financial position.

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a loss for the other party by failing to pay for its obligation. Within the Group's portfolio investments operations, credit risk arises from non-current and current loan receivables. For the investments in loan receivables, there are no formal restrictions with respect to the counterparty's credit rating. The Group is also exposed to counterparty credit risk on cash and cash equivalents and deposits with banks and financial institutions. If a counterparty is unable or unwilling to meet its obligations to the Group, it could have a material negative impact on the Group's operations, earnings and financial position.

Tax risks

The Issuer conducts its business, including intra-Group transactions, in accordance with the Issuer's interpretation of current tax legislation in relevant jurisdictions, tax treaties and tax authorities' guidelines and other requirements. There is a risk that the Issuer's interpretation of applicable rules and administrative practice is incorrect, or that rules or practice will be changed, potentially with retroactive effect. For example, the Swedish Tax Agency (the "STA") has during 2015 audited Vostok New Ventures AB's VAT returns for the period January 2013 – December 2014. According to the STA's decision from the audit, Vostok New Ventures AB is obliged to pay an additional amount of output VAT of SEK 13,767,907 together with tax penalties of SEK 2,753,579 on the services supplied to the Issuer. Vostok New Venture AB has appealed the STA's decision to the administrative court. On 1 June 2017, the County Administrative Court in Stockholm issued its ruling in favour of the STA's decision. Vostok New Ventures AB has paid an additional VAT for 2013–2014 according to STA's claim and appealed the ruling to the Court of Appeal. The Court of Appeal issued a negative ruling on 28 June 2018 which the Company is going to appeal to the Supreme Administrative Court shortly but latest by 28 Aug 2018. There is a risk that the Group will have to pay additional tax also for other years. If any of the above described risks were to materialise, it could have a material negative impact on the Group's operations, earnings and financial position.

Exchange rate risk

The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures, mainly with respect to the SEK, RUB, GBP and EUR. The official exchange rates for these and other operational currencies therefore directly or indirectly affect the value of investments, but it is not possible to

quantify this effect as companies have differing foreign exchange sensitivity. The Issuer's accounts are prepared in USD as this is the functional currency. In sum, this means that fluctuations in exchange rates may affect the net asset value of the portfolio in various ways that do not necessarily reflect real economic changes in the underlying assets. Fluctuations in the exchange rates could have a material negative impact on the Group's operations, earnings and financial position.

Acquisition and disposal risks

Acquisitions and disposals are by definition a natural element of the Group's operations. All acquisitions and disposals are subject to uncertainty. The Issuer's explicit exit strategy is to sell its holdings to strategic investors or via the market. There is a risk that the Issuer will not succeed in selling its participations and portfolio investments at the price the shares are being traded at on the market or valued at in the balance sheet at the time of the disposal. The Issuer may therefore fail to sell its holdings in a portfolio company or may have to do so at less than its expected value or even at a loss. If the Issuer disposes of the whole or parts of an investment in a portfolio company, the Issuer may receive less than the potential value of the participations, and the Issuer may receive less than the sum invested, which could have a material negative impact on the Group's operations, earnings and financial position.

Risks related to competition

The Issuer operates in markets that may be subject to increased competition with regard to investment opportunities. A greater number of investors than previously may thus compete with the Issuer in the future for the type of investments that the Issuer intends to make. There is a risk that the Issuer will, in the future, be subject to competition, which might have a detrimental impact on the Issuer's return from investments. There is a risk that opportunities for beneficial acquisitions will not arise or that the Issuer, in the event that such opportunities for acquisition arose, would not have sufficient resources to carry out such acquisitions. If any of the above described risks were to materialise, it could have a material negative impact on the Group's operations, earnings and financial position.

Legal disputes

The Group may in the future be involved in disputes or be subject to claims. Such disputes could be time consuming and result in costs, the size of which cannot always be foreseen. Disputes could, therefore, have a material negative impact on the Group's operations, earnings and financial position.

Dependence on key individuals

The Issuer is dependent on its senior executives. Its managing director, Per Brilioth, is of particular significance to the development of the Issuer. The Group's success is also dependent on its ability to attract, retain and motivate appropriate managerial personnel within the Group. There is a risk that the Group might be seriously affected if any of the senior executives were to leave the Company. If any of the above described risks were to materialise, it could have a material negative impact on the Group's operations, earnings and financial position.

International capital flows

Economic unrest in a growth market tends to have an adverse impact on the equity markets in other growth countries, or on the share price of companies operating in such countries, as investors opt to re-allocate their investment flows to more stable and developed markets. The Issuer's share price may be adversely affected during such periods. Financial problems or an increase in perceived risk related to a growth market may inhibit foreign investment in such market and have a negative impact on the country's economy. Such an economic downturn could have a material negative impact on the Group's operations, earnings and financial position.

Liquidity risk

Liquidity risk is the risk that the Group cannot meet its payment obligations at the maturity date without the cost for obtaining cash or cash equivalents increasing significantly. If the Group's liquidity sources prove not to be

sufficient, there is a risk that the Group can only meet its payment obligations by raising funds on terms significantly increasing its financing costs or that the Group cannot meet its payment obligations at all and as a result thereof being in default under material agreements entered into by the Group, which could have a material negative impact on the Group's operations, earnings and financial position

The global capital markets and the economy in general

The Group's results of operations are materially affected by conditions in the global capital markets and the economy in general. Concerns over inflation, energy costs, geopolitical issues and the availability and cost of credit have in recent years contributed to increased volatility and negative sentiment on global capital markets. These factors, along with volatile oil prices, declining business and consumer confidence and increased unemployment, have precipitated an economic slowdown and recession from which many countries are yet to recover. In addition, fixed income markets have historically experienced significant volatility which at times has negatively affected market liquidity conditions. Securities that are less liquid are more difficult to value and may be hard to dispose of. Domestic and international equity markets have also been experiencing increased volatility and turmoil. The Group is exposed to substantial risk of loss due to market volatility. Factors such as consumer spending, business investment, government spending, the volatility and strength of the capital markets, and inflation all affect the business and economic environment and, ultimately, the amount and profitability of the Group's business. An economic downturn characterised by higher unemployment, lower family income, lower corporate earnings, lower business investment and lower consumer spending, could have a material negative impact on the Group's operations, earnings and financial position.

Dependency on portfolio companies

The Issuer is a holding company that conducts its operations through subsidiaries and affiliated entities. The Issuer holds few significant assets other than direct and indirect investments in its operating companies. Accordingly, the Issuer is dependent upon receipt of sufficient income related to the operation of and the ownership in such entities to meet its own obligations. The Issuer's ability to benefit from the distribution of any assets of its subsidiaries upon liquidation of any such companies will be subject to the prior claims of such companies' creditors, including trade creditors. A decrease in income from subsidiaries may have a negative impact on the Group's operations, earnings and financial position.

Emerging markets and country-specific risks

An investment in the Bonds will be subject to risks associated with ownership and management of investments and in particular to risks of ownership and management in Russia and other emerging markets. As these countries are still, from an economic point of view, in a phase of development, investments are affected by unusually large fluctuations in profit and loss and other factors outside the Issuer's control that may have an adverse impact on the value of the Issuer's adjusted equity. Investors should therefore be aware that investment activity in Russia and other emerging markets entails a high level of risk and requires special consideration of factors, including those mentioned here, which are usually not associated with investment in shares in better regulated countries. Unstable state administration could have an adverse impact on investments. None of the emerging markets has a fully developed legal system comparable to that in more developed countries. In these judicial systems existing laws and regulations are sometimes applied inconsistently and both the independence and efficiency of the court system constitutes a significant risk. Statutory changes have taken place and will probably continue to take place at a rapid pace, and it remains difficult to predict the effect of legislative changes and legislative decisions for companies. It could be more difficult to obtain redress or exercise one's rights in emerging markets than in more mature legal systems. If any of the above described risks were to materialise, or if any of the above described factors would have a negative development, it could have a material negative impact on the Group's operations, earnings and financial position.

Exposure to Russia

A significant part of the Group's assets is related to Russia. Russia has undergone deep political and social change in recent years. The value of the Issuer's assets may be affected by uncertainties such as political and diplomatic

developments, social or religious instability, changes in government policy, tax and interest rates, restrictions on the political and economic development of laws and regulations in Russia, major policy changes or lack of internal consensus between leaders, executive and decision-making bodies and strong economic groups. These risks entail in particular expropriation, nationalisation, confiscation of assets and legislative changes relating to the level of foreign ownership. In addition, political changes may be less predictable in a growth country such as Russia than in other more developed countries. Such instability may in some cases have an adverse impact on the Group's operations.

Since the collapse of the Soviet Union in 1991, the Russian economy has, from time to time, shown: significant decline in GDP; weak banking system with limited supply of liquidity to foreign companies; growing black and grey economic markets; high flight of capital; high level of corruption and increased organised economic crime; hyperinflation; and significant rise in unemployment.

Moreover, the Russian economy is largely dependent on the production and export of oil and natural gas, which makes it vulnerable to fluctuations in the oil and gas market. If any of the above described risks were to materialise, or if any of the above described factors would have a negative development, it could have a material negative impact on the Group's operations, earnings and financial position.

Domestic political conflicts and the risk of terrorism

Any terrorist attacks and the resulting heightened security measures in any of the markets where the Company's portfolio companies are active could cause disruptions to domestic commerce in such market and could have a material negative impact on the Group's operations, earnings and financial position.

Accounting practice and access to other information

Practice in accounting, financial reporting and auditing in emerging markets cannot be compared with the corresponding practices that exist in the Western world. This is principally due to the fact that accounting and reporting have only been a function of adaptation to tax legislation. The tradition of not publishing information unnecessarily is still evident. The formal requirements are less broad in terms of publishing information than in more developed markets. In addition, there is a risk that access to external analysis, reliable statistics and historical data is inadequate. The effects of inflation can, moreover, be difficult for external observers to analyse. There is a risk with regard to the completeness or dependability of prepared accounts and auditing. Inadequate information and weak accounting standards could have a material negative impact on the Group's operations, earnings and financial position.

Corporate governance risk

Misuse of corporate governance remains a problem in Russia and other emerging markets. Minority shareholders may be badly treated in various ways, for instance in the sale of assets, transfer pricing, dilution, limited access to annual general meetings and restrictions on seats on boards of directors for external investors. In addition, sales of assets to and transactions with related parties are common. Transfer pricing is generally applied by companies for the transfer of value from subsidiaries and external investors to various types of holding companies. Companies may neglect to comply with the rules that govern share issues, such as prior notification in sufficient time for the exercise of rights of pre-emption. Prevention of registration of shares is also widespread. Despite the fact that independent authorised registrars have to keep most share registers, some are still in the hands of the company management, which may lead to register manipulation. In such cases, a company's management would be able to take extensive strategic measures without proper consent from shareholders and shareholders ability to exercise their right to express views and take decisions is made considerably more difficult. Inadequate accounting rules and standards have hindered the development of an effective system for uncovering fraud and increasing insight. Shareholders can conceal their ownership by acquiring shares through shell company structures based abroad which are not demonstrably connected to the beneficiary, leading to self-serving transactions, insider deals and conflicts of interest. The role of the financial inspectorate, as the regulator of the equity market to guarantee effective oversight and ensure that fraud is uncovered, is complicated by the lack of judicial and administrative enforcement instruments. Deficiencies in legislation on corporate governance, judicial enforcement and corporate

legislation may lead to hostile takeovers, where the rights of minority shareholders are disregarded or abused, which could have a material negative impact on the Group's operations, earnings and financial position.

Risks relating to the Bonds

Credit risks

An investment in the Bonds carries a credit risk relating to the Issuer and the Group. The investor's ability to receive payment under the Terms and Conditions is therefore dependent upon the Issuer's ability to meet its payment obligations, which in turn is largely dependent upon the performance of the Group's operations and its financial position. The Group's operations and financial position are in turn affected by several factors, a number of which have been discussed above.

An increased credit risk may cause the market to charge the Bonds a higher risk premium, which would have an adverse effect on the value of the Bonds. Another aspect of the credit risk is that any deterioration in the financial position of the Issuer may entail a lower credit-worthiness and the possibility for the Issuer to receive financing may be impaired when the Bonds mature.

Refinancing risk

The Issuer may be required to refinance certain or all of its outstanding debt, including the Bonds. The Issuer's ability to successfully refinance its debt obligations is dependent upon the conditions of the capital markets and the Issuer's financial position at such time. The Issuer's access to financing sources may not be available on acceptable terms, or at all. The Issuer's inability to refinance its debt obligations on acceptable terms, or at all, could have a material adverse effect on the Issuer's business, financial position and results of operations and on the bondholders' recovery under the Bonds.

Interest rate risk

The Bonds will bear a fixed interest rate. A holder of a security with a fixed interest rate is exposed to the risk that the price of such security falls as a result of changes in the Market Interest Rate. While the nominal rate of a security with a fixed interest rate is fixed for a specified period, the Market Interest Rate typically changes on a daily basis. As the Market Interest Rate changes, the price of such security is likely to change in the opposite direction. If the Market Interest Rate increases, the price of such security typically falls, until the yield of such security is approximately equal to the Market Interest Rate. Investors should be aware that movements of the Market Interest Rate can adversely affect the price of the Bonds and can lead to losses for the bondholders if they sell the Bonds.

Liquidity risks

The Issuer has undertaken to list the Bonds issued in the Initial Bond Issue on the Corporate Bond List of Nasdaq Stockholm within 60 calendar days after the Issue Date. It is further the Issuer's intention to complete such listing within 30 calendar days after such Issue Date. There is a risk that the Bonds will not be admitted to trading. Further, even if securities, including the Bonds, are admitted to trading on Nasdaq Stockholm, there is not always active trading in the securities, so there is a risk that the market for trading in the Bonds will be illiquid even if the Bonds are listed. This may result in the fact that the bondholders cannot sell their Bonds when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market. Lack of liquidity in the market may have a negative impact on the market value of the Bonds. Furthermore, the nominal value of the Bonds may not be indicative compared to the market price of the Bonds if they are admitted for trading on Nasdaq Stockholm. It should also be noted that during a given time period it may be difficult or impossible to sell the Bonds (at all or at reasonable terms) due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

The market price of the Bonds may be volatile

The market price of the Bonds could be subject to significant fluctuations in response to actual or anticipated variations in the Group's operating results and those of its competitors, adverse business developments, changes to the regulatory environment in which the Group operates, changes in financial estimates by securities analysts and the actual or expected sale of a large number of Bonds, as well as other factors. In addition, in recent years the global financial markets have experienced significant price and volume fluctuations, which, if repeated in the future, could adversely affect the market price of the Bonds without regard to the Group's operating results, financial position or prospects.

Unsecured obligations

The Bonds represent unsecured obligations of the Issuer. In the event of the liquidation, bankruptcy, company reorganisation (Sw. *företagsrekonstruktion*) or winding-up of the Issuer, the bondholders normally receive payment after any priority creditors have been paid in full. The bondholders will only have an unsecured claim against the Issuer. As a result, the bondholders may not recover any or all of its investment. Each investor should be aware that by investing in the Bonds, it risks losing all, or a part of, its investment in the event of the Issuer's liquidation, bankruptcy or company reconstruction.

Currency risk

The Bonds will be denominated and payable in SEK. If investors in the Bonds measure their investment return by reference to a currency other than SEK, an investment in the Bonds will entail foreign exchange-related risks due to, among other factors, possible significant changes in the value of the SEK relative to the currency by reference to which investors measure the return on their investments could cause a decrease in the effective yield of the Bonds below their stated coupon rates and could result in a loss to investors when the return on the Bonds is translated into the currency by reference to which the investors measure the return on their investments. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the bonds. As a result, there is a risk that investors may receive less interest or principal than expected, or no interest or principal.

Dependence on subsidiaries

A significant part of the Group's assets and revenues relate to the Issuer's subsidiaries. Accordingly, the Issuer is dependent upon receipt of sufficient income related to the operation of and the ownership in the subsidiaries to enable it to make payments under the Bonds. The Issuer's subsidiaries are legally separate and distinct from the Issuer and have no obligation to pay amounts due with respect to the Issuer's obligations and commitments, including the Bonds, or to make funds available for such payments. The ability of the Issuer's subsidiary to make such payments to the Issuer is subject to, among other things, the availability of funds, corporate restrictions and the terms of each operation's indebtedness. Should the Issuer not receive sufficient income from its subsidiaries, the investor's ability to receive payment under the Terms and Conditions may be adversely affected.

Structural subordination and insolvency of subsidiaries

In the event of insolvency, liquidation or a similar event relating to one of the Issuer's subsidiaries, all creditors of such Issuer would be entitled to payment in full out of the assets of such Issuer before any entity within the Group, as a shareholder, would be entitled to any payments. Thus, the Bonds are structurally subordinated to the liabilities of such subsidiaries. There is a risk that the Group and its assets would not be protected from actions by the creditors of any subsidiary of the Group, whether under bankruptcy law, by contract or otherwise. In addition, defaults by, or the insolvency of, certain subsidiaries of the Issuer could result in the obligation of the Issuer to make payments under financial or performance guarantees in respect of such subsidiaries' obligations or the occurrence of cross defaults on certain borrowings of the Group, which could have a material adverse effect on the Issuer's business, financial position and results of operations and on the bondholders' recovery under the Bonds.

Risks related to early redemption and put option

Under the Terms and Conditions, the Issuer has reserved the possibility to redeem all outstanding Bonds before the final redemption date, provided that the Issuer's outstanding bond loan with ISIN SE0010023390 has been redeemed in full. If the Bonds are redeemed within one year after the first issue date, the bondholders have the right to receive an early redemption amount which exceeds the nominal amount of the Bonds. However, there is a risk that the market value of the Bonds is higher than the early redemption amount and that it may not be possible for bondholders to reinvest such proceeds at an effective interest rate as high as the interest rate on the Bonds and may only be able to do so at a significantly lower rate.

According to the Terms and Conditions, the Bonds are subject to prepayment at the option of each bondholder (put option) if (i) an event or series of events occur whereby one or more persons, acting together, acquire control over the Issuer and where "control" means acquiring or controlling, directly or indirectly, more than 50 per cent of the votes of the Issuer, or the right to, directly or indirectly, appoint or remove the whole or a majority of the directors of the Board of Directors of the Issuer or (ii) the Issuer's shares are not listed or admitted to trading on Nasdaq Stockholm or any other regulated market, or if the Issuer's shares on the aforementioned stock exchanges is suspended for a period of 15 consecutive banking days. There is, however, a risk that the Issuer will not have sufficient funds at the time of such prepayment to make the required prepayment of the Bonds which could adversely affect the Issuer, *e.g.*, by causing insolvency or an event of default under the Terms and Conditions, and thus adversely affect all bondholders and not only those that choose to exercise the option.

No action against the Issuer and bondholders' representation

In accordance with the Terms and Conditions, the trustee will represent all bondholders in all matters relating to the Bonds and the bondholders are prevented from taking actions on their own against the Issuer. Consequently, individual bondholders do not have the right to take legal actions to declare any default by claiming any payment from or enforcing any security granted by the Issuer and may therefore lack effective remedies unless and until a requisite majority of the bondholders agree to take such action. However, there is a risk that a bondholder, in certain situations, could bring its own action against the Issuer (in breach of the Terms and Conditions), which could negatively impact an acceleration of the Bonds or other action against the Issuer. To enable the trustee to represent bondholders in court, the bondholders may have to submit a written power of attorney for legal proceedings. The failure of all bondholders to submit such a power of attorney could negatively affect the legal proceedings. Under the Terms and Conditions, the trustee will in some cases have the right to make decisions and take measures that bind all bondholders. Consequently, the actions of the trustee in such matters could impact a bondholder's rights under the Terms and Conditions in a manner that would be undesirable for some of the bondholders.

Bondholders' meetings

The Terms and Conditions will include certain provisions regarding bondholders' meetings. Such meetings may be held in order to resolve on matters relating to the bondholders' interests. The Terms and Conditions will allow for certain majorities to bind all bondholders, including bondholders who have not taken part in the meeting and those who have voted differently to the required majority at a duly convened and conducted bondholders' meeting. Consequently, the actions of the majority in such matters could impact a bondholder's rights in a manner that would be undesirable for some of the bondholders.

Ability to comply with the Terms and Conditions

The Group is required to comply with the Terms and Conditions. Events beyond the Group's control, including changes in the economic and business condition in which the Group operates, may affect the Group's ability to comply with, among other things, the undertakings set out in the Terms and Conditions. A breach of the Terms and Conditions could result in a default under the Terms and Conditions.

Restrictions on the transferability of the Bonds

The Bonds have not been and will not be registered under the U.S. Securities Act of 1933, as amended, or any U.S. state securities laws. Subject to certain exemptions, a holder of the Bonds may not offer or sell the Bonds in the United States. The Issuer has not undertaken to register the Bonds under the U.S. Securities Act or any U.S. state securities laws or to affect any exchange offer for the Bonds in the future. Furthermore, the Issuer has not registered the Bonds under any other country's securities laws. Each potential investor should observe and obey the transfer restrictions that apply to the Bonds. It is the bondholder's obligation to ensure, at own cost and expense, that its offers and sales of Bonds comply with all applicable securities laws. Due to these restrictions, there is a risk that a bondholder cannot sell its Bonds as desired.

Risks relating to the clearing and settlement in Euroclear's book-entry system

The Bonds will be affiliated to Euroclear's account-based system, and no physical Bonds will be issued. Clearing and settlement relating to the Bonds will be carried out within Euroclear's book-entry system as well as payment of interest and repayment of the principal. Investors are therefore dependent upon the functionality of Euroclear's account-based system, which is a factor that the Issuer cannot control. If Euroclear's account-based system would not function properly, there is a risk that investors would not receive payments under the Bonds as they fall due.

Amended or new legislation

The Terms and Conditions are based on Swedish law in force at the Issue Date. The impact of any possible future Swedish legislative measures or changes, or changes to Swedish administrative practices, such as new or amended tax legislation, may give rise to risks which are not possible to foresee. There is a risk that amended or new Swedish legislation and administrative practices, such as new or amended tax legislation, may adversely affect the investor's ability to receive payment under the Terms and Conditions.

Conflicts of interest

The Issuing Agent and Sole Bookrunner have engaged in, and may in the future engage in, investment banking and/or commercial banking or other services for the Issuer and the Group in the ordinary course of business. The Issuing Agent and Sole Bookrunner may thus in the future have relations with the Group other than those arising from its role in the issue of the Bonds. The Issuing Agent and Sole Bookrunner may, for example, provide services related to financing other than through the issue of the Bonds, such as investment banking services for, or other commercial dealings with, the Group. Therefore, conflict of interest may exist or may arise as a result of the Issuing Agent and Sole Bookrunner having previously engaged, or will in the future engage, in transactions with other parties, having multiple roles or carrying out other transactions for third parties with conflicting interests. Such conflicts of interest could adversely affect the Group's ability to renew or maintain existing financing or obtain further financing and in turn have a material negative effect on the Group's operations, earnings and financial position.

5 The Group and its operations

Introduction

The Company is an exempted company limited by shares registered in Bermuda with registration number 39861, having its registered address at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda. The Company was formed on 4 April 2007 and registered with the Bermudan Registrar of Companies on 5 April 2007. The Company is governed by Bermudan law and uses the trading name Vostok New Ventures.

Governance

To ensure that the control over the Company is not abused, the Company complies with the Bermuda Companies Act 1981 (the “**Bermuda Companies Act**”). The conduct of the Company is governed not only by the Bermuda Companies Act, but also by the Company’s memorandum of association and bye-laws and by Bermuda common law. Since the Company’s depository receipts are listed on a Swedish regulated market, it applies the Swedish Corporate Governance Code (Sw. *Svensk kod för bolagsstyrning*) (the “**Code**”). The Company will apply the Code to the extent it is compliant with the Bermuda Companies Act, or, where applicable, explain deviations from it. At present, the Company deviates from the Code in that it does not have an internal audit function and that the Board of Directors does not yet have a designated Audit Committee. Until an Audit Committee is appointed, the Board of Directors in its entirety remains responsible for reviewing the financial reports issued by the Company, including the four quarterly reports as well as the annual report, and for addressing any critical accounting issues.

Business and operations

Vostok New Ventures is an investment company with the business concept of using experience, expertise and a widespread network to identify and invest in assets with considerable potential for value appreciation, with a focus on companies with network effects. Vostok New Ventures intends to create value through professional investing activities, building on a structured process for continuous analysis of both current and prospective acquisitions.

The Company’s aim is to undertake investments that the Company’s shareholders have limited ability or are unable to pursue themselves. This implies managing risks associated with low transparency and weak corporate governance as well as illiquidity. An active investment philosophy is deemed necessary to achieve the appropriate level of risk in relation to the return potential.

The foundation for the investment activities is fundamental analysis of primarily unlisted companies. In markets and sectors where Vostok New Ventures has particular knowledge and expertise, such as in Russia and online classifieds, the return requirement may sometimes be lower while in sectors where the Company do not have the same experience of investing, the requirement may be higher. The latter is intended to compensate for an increased amount of risk.

The Company’s sector mandate is broad and the proposition is to create shareholder value by investing in assets that are associated with risks which Vostok New Ventures is well-equipped to manage. Such typical risks include corporate governance risks, liquidity risks and operational risks. During the past years, Vostok New Ventures has gained experience and built an extensive network enabling it to handle the risks associated with investments in emerging markets.

One way of managing corporate governance risks in the portfolio companies is to pursue an active ownership policy. Active ownership is important in all markets, but especially in emerging markets where corporate governance risks can take on additional dimensions to that of more developed markets. Over the years, Vostok New Ventures has built up a considerable ability for implementing an active ownership in emerging markets. This can take many different forms, of which board representation is one.

The Company's investment strategy is to run investments into primarily equity holdings in private companies with a high return potential. The key short-term objective of Vostok New Ventures is to deploy investor funds into an attractive portfolio of fast growth online marketplace companies. The key long-term objective of Vostok New Ventures is to create value through its portfolio of companies. Vostok New Ventures seeks to generate above average returns for its shareholders by investing in modern online marketplaces companies that exhibit network effects and potential for value appreciation. To achieve these goals the Company often takes an active role at the board level and eventually exits from the position with profit.

Investments

Since the Company's consolidated interim report for the financial period 1 January – 31 March 2018, Vostok New Ventures has invested USD 1.5 million in a new funding round including primary and secondary shares in El Basharsoft. The previously announced USD 1 million investment in El Basharsoft through a convertible note was converted to equity in connection with this round.

As investments are an integral part of the Company's operations, there will always be ongoing discussions about potential investments in the ordinary course of the Group's activities. Except from the investment made in El Basharsoft, the Company does not have any material ongoing or scheduled investments. The Company's investments are generally financed through bond proceeds, dividends from Avito and/or available cash.

Board committees

Given the central role that valuation of unlisted holdings plays in the Company's accounts, the Board of Directors has hitherto taken the view that all board members need to be informed and involved in the Company's reporting. For this reason, the Board has not formed an Audit Committee, and the Board of Directors currently has no other sub-committees. However, at the annual general meeting held on 16 May 2018, the shareholders of the Company resolved to approve remuneration to members of an Audit Committee and a Remuneration Committee in accordance with the proposal of the Nomination Committee. Tendencies

Apart from the following tendencies, which based on the Company’s opinion, the Company is not aware of any tendencies that, directly or indirectly, has materially affected or materially would affect the Company’s operations.

As an increasing number of people have gained access to the internet, the marketplaces have migrated from the local marketplace to the internet. Consequently, the line between local and global has started to dissolve, and buyers and sellers are today only a click away from each other, despite long geographical distances.

In developed countries with a high level of internet penetration, the migration to online marketplaces has reached a high maturity with several multi-billion dollar companies such as eBay, Amazon and Airbnb. In many emerging markets the level of internet penetration lags far behind that of the more developed countries. While the internet penetration in these regions is still low, for example in the area surrounding the Middle East and North Africa and CIS region, it has increased rapidly and is expected to close the gap to the more developed peers in a quick pace.

There is a tendency of strong development in Russia and other emerging markets due to structural factors such as large population, increased internet penetration, improved payment solutions and better infrastructure. These e-commerce markets for physical goods is therefore expected to keep growing rapidly.

9 Certain tax issues in Sweden

The following is a summary of certain tax issues that may arise as a result of acquiring, holding and selling the Bonds. The summary is based on Swedish tax legislation in force at the date of this prospectus. The summary does not cover all possible tax issues that may arise and is intended only as general information. As an example this summary does not cover any reporting requirements for a party paying interest. The summary also does not cover Bonds held by partnerships (Sw. handelsbolag) or defined as a current asset in a business activity. Furthermore this summary does not cover holdings on investment savings accounts (Sw. investerings-sparkonton) which are subject to a standardized taxation. Certain tax rules also apply to certain investors, such as investment companies and insurance companies. The taxation of each investor depends on the specifics of such investor. Every investor in the Bonds should consult tax advisers in order to receive information on the specific tax issues in relation to its particular case, including the application and effects of foreign or other rules and tax treaties.

Holders of Bonds which are non-resident in Sweden

With bondholders which are non-resident in Sweden is meant (a) a natural person who is not tax resident in Sweden and has no other connection to Sweden apart from his or hers investment in the Bonds, or (b) a company which is not registered in Sweden or, if no registration has been made, which is not due to any other circumstance to be considered as a Swedish legal person.

Repayments and payments of interest to a bondholder which is non-resident in Sweden is not subject to Swedish income tax provided the bondholder is not engaged in any business conducted from a permanent establishment in Sweden to which the holding of Bonds relates.

Swedish withholding tax is not applicable to repayments or payment of interest to bondholders which are non-resident in Sweden.

Capital gains which may occur when a bondholder which is non-resident in Sweden divests Bonds are not subject to Swedish capital gains tax provided the bondholder is not engaged in any business conducted from a permanent establishment in Sweden to which the holding of Bonds relates.

In accordance with a specific tax rule natural persons who are not tax resident in Sweden may be subject to Swedish capital gains tax when divesting certain financial instruments, subject to the classification of the instrument, if the person at any time during the calendar year in which the divestment occurs or during any of the ten years prior to the divestment has been resident or lived permanently in Sweden. The applicability of this rule may however be limited by an applicable tax treaty between Sweden and other countries.

Holders of Bonds which are resident in Sweden

With Holders which are resident in Sweden is meant (a) a natural person who is tax resident in Sweden, or (b) a company which is registered in Sweden or, if no registration has been made, which is due to any other circumstance to be considered as a Swedish legal person.

Payment of interest to bondholders resident in Sweden is generally subject to Swedish income tax. Bondholders resident in Sweden are also subject to Swedish income tax on capital gains in connection with any divestment of the Bonds. Early redemption or repayment of Bonds are tax wise treated as a divestment. Redemption of the nominal value of the Bonds is not subject to Swedish income tax.

Swedish withholding tax is not applicable to repayment or payment of interest to bondholders resident in Sweden. On any payment of interest to bondholders resident in Sweden who are natural persons (or estates of a deceased person) a preliminary tax of 30 percent is withheld. The preliminary tax is normally withheld by

Euroclear Sweden or, in the case of nominee bondholders (Sw. *förvaltarregistrerade obligationer*), by the nominee.

 - (ii) the appointment of a liquidator, receiver, administrator, administrative receiver, compulsory manager or other similar officer in respect of any Material Group Company or any of its assets or any analogous procedure or step is taken in any jurisdiction;
 - (f) Mergers and demergers: A decision is made that any Material Group Company shall be demerged or merged if such merger or demerger is likely to have a Material Adverse Effect, provided that a merger involving the Issuer, where the Issuer is not the surviving entity, shall always be considered an Event of Default and provided that the Issuer may not be demerged;
 - (g) Creditors' process: Any expropriation, attachment, sequestration, distress or execution or any analogous process in any jurisdiction affects any asset or assets of any Material Group Company having an aggregate value of an amount equal to or exceeding SEK 15,000,000 and is not discharged within sixty (60) calendar days;
 - (h) Impossibility or illegality: It is or becomes impossible or unlawful for the Issuer to fulfil or perform any of the provisions of these Terms and Conditions or if the obligations under these Terms and Conditions are not, or cease to be, legal, valid, binding and enforceable; or
 - (i) Continuation of the business: The Issuer or any other Material Group Company ceases to carry on its business if such discontinuation is likely to have a Material Adverse Effect.
- 12.2 The Trustee may not terminate the Bonds in accordance with Clause 12.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, in accordance with these Terms and Conditions, to waive such Event of Default (temporarily or permanently). However, if a moratorium occurs, the ending of that moratorium will not prevent termination for payment prematurely on the ground mentioned under Clause 12.1.
- 12.3 If the right to terminate the Bonds is based upon a decision of a court of law or a government authority, it is not necessary that the decision has become enforceable under law or that the period of appeal has expired in order for cause of termination to be deemed to exist.
- 12.4 The Issuer is obliged to inform the Trustee immediately if any circumstance of the type specified in Clause 12.1 should occur. Should the Trustee not receive such information, the Trustee is entitled to assume that no such circumstance exists or can be expected to occur,

provided that the Trustee does not have knowledge of such circumstance. The Trustee is under no obligations to make any investigations relating to the circumstances specified in Clause 12.1. The Issuer shall further, at the request of the Trustee, provide the Trustee with details of any circumstances referred to in Clause 12.1 and provide the Trustee with all documents that may be of significance for the application of this Clause 12.

- 12.5 The Issuer is only obliged to inform the Trustee according to Clause 12.4 if informing the Trustee would not conflict with any statute or the Issuer's registration contract with Nasdaq Stockholm (or any other Regulated Market, as applicable). If such a conflict would exist pursuant to the listing contract with Nasdaq Stockholm or otherwise, the Issuer shall however be obliged to either seek the approval from Nasdaq Stockholm (or any other Regulated Market, as applicable) or undertake other reasonable measures, including entering into a non-disclosure agreement with the Trustee, in order to be able to timely inform the Trustee according to Clause 12.4.
- 12.6 If the Trustee has been notified by the Issuer or has otherwise determined that there is a default under these Terms and Conditions according to Clause 12.1, the Trustee shall (i) notify, within five (5) Business Days of the day of notification or determination, the Holders of the default and (ii) decide, within twenty (20) Business Days of the day of notification or determination, if the Bonds shall be declared terminated. If the Trustee has decided not to terminate the Bonds, the Trustee shall, at the earliest possible date, notify the Holders that there exists a right of termination and obtain instructions from the Holders according to the provisions in Clause 14 (*Decisions by Holders*). If the Holders vote in favour of termination and instruct the Trustee to terminate the Bonds, the Trustee shall promptly declare the Bonds terminated. However, if the cause for termination according to the Trustee's appraisal has ceased before the termination, the Trustee shall not terminate the Bonds. The Trustee shall in such case, at the earliest possible date, notify the Holders that the cause for termination has ceased. The Trustee shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default.
- 12.7 If the Holders, without any prior initiative to decision from the Trustee or the Issuer, have made a decision regarding termination in accordance with Clause 14 (*Decisions by Holders*), the Trustee shall promptly declare the Bonds terminated. The Trustee is however not liable to take action if the Trustee considers cause for termination not to be at hand, unless the instructing Holders agree in writing to indemnify and hold the Trustee harmless from any loss or liability and, if requested by the Trustee in its discretion, grant sufficient security for such indemnity.
- 12.8 If the Bonds are declared due and payable in accordance with the provisions in this Clause 12, the Trustee shall take every reasonable measure necessary to recover the amounts outstanding under the Bonds.
- 12.9 For the avoidance of doubt, the Bonds cannot be terminated and become due for payment prematurely according to this Clause 12 without relevant decision by the Trustee or following instructions from the Holders' pursuant to Clause 14 (*Decisions by Holders*).
- 12.10 If the Bonds are declared due and payable in accordance with this Clause 12, the Issuer shall redeem all Bonds with an amount per Bond as set forth in the applicable Call Option Amount for the relevant period (plus accrued but unpaid interest).

13. DISTRIBUTION OF PROCEEDS

13.1 If the Bonds have been declared due and payable in accordance with Clause 12 (*Termination of the Bonds*), all payments by the Issuer relating to the Bonds shall be distributed in the following order of priority, in accordance with the instructions of the Trustee:

- (a) *firstly*, in or towards payment of the Trustee under the Trustee Agreement, including all costs and indemnities relating to the acceleration of the Bonds or the protection of the Holders' rights under these Terms and Conditions;
- (b) *secondly*, in or towards payment *pro rata* of accrued but unpaid Interest under the Bonds (Interest due on an earlier Interest Payment Date to be paid before any Interest due on a later Interest Payment Date);
- (c) *thirdly*, in or towards payment *pro rata* of any unpaid principal under the Bonds; and
- (d) *fourthly*, in or towards payment *pro rata* of any other costs or outstanding amounts unpaid under these Terms and Conditions.

Any excess funds after the application of proceeds in accordance with items (a) to (d) above shall be paid to the Issuer. The application of proceeds in accordance with items (a) to (d) above shall, however, not restrict a Holders' Meeting or a Written Procedure from resolving that accrued Interest (whether overdue or not) shall be reduced without a corresponding reduction of principal.

13.2 If a Holder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 13.1, such Holder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 13.1.

13.3 Funds that the Trustee receives (directly or indirectly) in connection with the termination of the Bonds constitute escrow funds according to the Escrow Funds Act and must be held on a separate interest-bearing account on behalf of the Holders and the other interested parties. The Trustee shall arrange for payments of such funds in accordance with this Clause 13 as soon as reasonably practicable.

13.4 If the Issuer or the Trustee shall make any payment under this Clause 13, the Issuer or the Trustee, as applicable, shall notify the Holders of any such payment at least fifteen (15) Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 8.1 shall apply.

14. DECISIONS BY HOLDERS

14.1 A request by the Trustee for a decision by the Holders on a matter relating to these Terms and Conditions shall (at the option of the Trustee) be dealt with at a Holders' Meeting or by way of a Written Procedure.

14.2 Any request from the Issuer or a Holder (or Holders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount (such request may only be validly made by a Person who is a Holder on the Business Day immediately following the day on which the request is received by the Trustee and shall, if made by several Holders, be made by them jointly) for a decision by the Holders on a matter relating to these Terms and Conditions shall be directed

to the Trustee and dealt with at a Holders' Meeting or by way of a Written Procedure, as determined by the Trustee. The Person requesting the decision may suggest the form for decision making, but if it is in the Trustee's opinion more appropriate that a matter is dealt with at a Holders' Meeting than by way of a Written Procedure, it shall be dealt with at a Holders' Meeting.

14.3 The Trustee may refrain from convening a Holders' Meeting or instigating a Written Procedure if (a) the suggested decision must be approved by any Person in addition to the Holders and such Person has informed the Trustee that an approval will not be given, or (b) the suggested decision is not in accordance with applicable laws.

14.4 Only a Person who is, or who has been provided with a power of attorney or other proof of authorisation pursuant to Clause 7 (*Right to act on behalf of a Holder*) from a Person who is, registered as a Holder:

- (a) on the Record Date prior to the date of the Holders' Meeting, in respect of a Holders' Meeting, or
- (b) on the Business Day specified in the communication pursuant to Clause 16.3, in respect of a Written Procedure,

may exercise voting rights as a Holder at such Holders' Meeting or in such Written Procedure, provided that the relevant Bonds are included in the definition of Adjusted Nominal Amount.

14.5 The following matters shall require consent of Holders representing at least two thirds (2/3) of the Adjusted Nominal Amount for which Holders are voting at a Holders' Meeting or for which Holders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 16.3:

- (a) waive a breach of or amend an undertaking set out in Clause 11 (*Special undertakings*);
- (b) a mandatory exchange of Bonds for other securities;
- (c) reduce the principal amount, Interest Rate or Interest which shall be paid by the Issuer;
- (d) amend any payment day for principal or Interest or waive any breach of a payment undertaking, or
- (e) amend the provisions in this Clause 14.5 or 14.6.

14.6 Any matter not covered by Clause 14.5 shall require the consent of Holders representing more than fifty (50.00) per cent. of the Adjusted Nominal Amount for which Holders are voting at a Holders' Meeting or for which Holders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 16.3. This includes, but is not limited to, any amendment to or waiver of these Terms and Conditions that does not require a higher majority (other than an amendment permitted pursuant to Clause 17.1(a), (b) or (c)), or a termination of the Bonds.

- 14.7 If the number of votes or replies are equal, the opinion which is most beneficial for the Issuer, according to the chairman at a Holders' Meeting or the Trustee in a Written Procedure, will prevail.
- 14.8 Quorum at a Holders' Meeting or in respect of a Written Procedure only exists if a Holder (or Holders) representing at least twenty (20.00) per cent. of the Adjusted Nominal Amount;
- (a) if at a Holders' Meeting, attend the meeting in person or by telephone conference (or appear through duly authorised representatives); or
 - (b) if in respect of a Written Procedure, reply to the request.
- 14.9 If a quorum does not exist at a Holders' Meeting or in respect of a Written Procedure, the Trustee or the Issuer shall convene a second Holders' Meeting (in accordance with Clause 15.1) or initiate a second Written Procedure (in accordance with Clause 16.1), as the case may be, provided that the relevant proposal has not been withdrawn by the Person(s) who initiated the procedure for Holders' consent. The quorum requirement in Clause 14.8 shall not apply to such second Holders' Meeting or Written Procedure.
- 14.10 Any decision which extends or increases the obligations of the Issuer or the Trustee, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Trustee, under these Terms and Conditions shall be subject to the Issuer's or the Trustee's consent, as appropriate.
- 14.11 A Holder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 14.12 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Holders that consent at the relevant Holders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 14.13 A matter decided at a duly convened and held Holders' Meeting or by way of Written Procedure is binding on all Holders, irrespective of them being present or represented at the Holders' Meeting or responding in the Written Procedure. The Holders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Holders.
- 14.14 All costs and expenses incurred by the Issuer or the Trustee for the purpose of convening a Holders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Trustee, shall be paid by the Issuer.
- 14.15 If a decision shall be taken by the Holders on a matter relating to these Terms and Conditions, the Issuer shall promptly at the request of the Trustee provide the Trustee with a certificate specifying the number of Bonds owned by Group Companies or (to the knowledge of the Issuer) their Affiliates, irrespective of whether such Person is directly registered as owner of such Bonds. The Trustee shall not be responsible for the accuracy of such certificate or otherwise be responsible to determine whether a Bond is owned by a Group Company or an Affiliate of a Group Company.
- 14.16 Information about decisions taken at a Holders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Holders and published on the websites of the Issuer

and the Trustee, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Holders' Meeting or Written Procedure shall at the request of a Holder be sent to it by the Issuer or the Trustee, as applicable.

15. HOLDERS' MEETING

- 15.1 The Trustee shall convene a Holders' Meeting by sending a notice thereof to each Holder no later than five (5) Business Days after receipt of a request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons). If the Holder's Meeting has been requested by the Holder(s), the Trustee shall send a copy of the notice to the Issuer.
- 15.2 Should the Issuer want to replace the Trustee, it may convene a Holders' Meeting in accordance with Clause 15.1 with a copy to the Trustee. After a request from the Holders pursuant to Clause 18.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Holders' Meeting in accordance with Clause 15.1.
- 15.3 The notice pursuant to Clause 15.1 shall include (a) time for the meeting, (b) place for the meeting, (c) agenda for the meeting (including each request for a decision by the Holders) and (d) a form of power of attorney. Only matters that have been included in the notice may be resolved upon at the Holders' Meeting. Should prior notification by the Holders be required in order to attend the Holders' Meeting, such requirement shall be included in the notice.
- 15.4 The Holders' Meeting shall be held no earlier than ten (10) Business Days and no later than twenty (20) Business Days from the notice.
- 15.5 If the Trustee, in breach of these Terms and Conditions, has not convened a Holders' Meeting within five (5) Business Days after having received such notice, the requesting Person may convene the Holders' Meeting itself. If the requesting Person is a Holder, the Issuer shall upon request from such Holder provide the Holder with necessary information from the register kept by the CSD and, if no Person to open the Holders' Meeting has been appointed by the Trustee, the meeting shall be opened by a Person appointed by the requesting Person.
- 15.6 At a Holders' Meeting, the Issuer, the Holders (or the Holders' representatives/proxies) and the Trustee may attend along with each of their representatives, counsels and assistants. Further, the directors of the board, the managing director and other officials of the Issuer and the Issuer's auditors may attend the Holders' Meeting. The Holders' Meeting may decide that further individuals may attend. If a representative/proxy shall attend the Holders' Meeting instead of the Holder, the representative/proxy shall present a duly executed proxy or other document establishing its authority to represent the Holder.
- 15.7 Without amending or varying these Terms and Conditions, the Trustee may prescribe such further regulations regarding the convening and holding of a Holders' Meeting as the Trustee may deem appropriate. Such regulations may include a possibility for Holders to vote without attending the meeting in person.

16. WRITTEN PROCEDURE

- 16.1 The Trustee shall instigate a Written Procedure no later than five (5) Business Days after receipt of a request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a communication to each such Person who is registered as a Holder on the Business Day prior to the date on which the communication is sent. If the Written Procedure has been requested by the Holder(s), the Trustee shall send a copy of the communication to the Issuer.
- 16.2 Should the Issuer want to replace the Trustee, it may send a communication in accordance with Clause 16.1 to each Holder with a copy to the Trustee.
- 16.3 A communication pursuant to Clause 16.1 shall include (a) each request for a decision by the Holders, (b) a description of the reasons for each request, (c) a specification of the Business Day on which a Person must be registered as a Holder in order to be entitled to exercise voting rights, (d) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney, and (e) the stipulated time period within which the Holder must reply to the request (such time period to last at least ten (10) Business Days but not more than twenty (20) Business Days from the communication pursuant to Clause 16.1). If the voting shall be made electronically, instructions for such voting shall be included in the communication.
- 16.4 If the Trustee, in breach of these Terms and Conditions, has not instigated a Written Procedure within five (5) Business Days after having received such notice, the requesting Person may instigate a Written Procedure itself. If the requesting Person is a Holder, the Issuer shall upon request from such Holder provide the Holder with necessary information from the register kept by the CSD.
- 16.5 When the requisite majority consents of the Adjusted Nominal Amount pursuant to Clauses 14.5 and 14.6 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 14.5 or 14.6, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

17. AMENDMENTS AND WAIVERS

- 17.1 The Issuer and the Trustee (acting on behalf of the Holders) may agree to amend these Terms and Conditions or waive any provision in these Terms and Conditions, provided that:
- (a) such amendment or waiver is not detrimental to the interest of the Holders, or is made solely for the purpose of rectifying obvious errors and mistakes;
 - (b) such amendment or waiver is required by applicable law, a court ruling or a decision by a relevant authority;
 - (c) such amendment or waiver is necessary for the purpose of listing the Bonds on the corporate bond list of Nasdaq Stockholm provided such amendment or waiver does not materially adversely affect the rights of the Holders; or
 - (d) such amendment or waiver has been duly approved by the Holders in accordance with Clause 14 (*Decisions by Holders*).

- 17.2 The consent of the Holders is not necessary to approve the particular form of any amendment or waiver to these Terms and Conditions. It is sufficient if such consent approves the substance of the amendment or waiver.
- 17.3 The Trustee shall promptly notify the Holders of any amendments or waivers made in accordance with Clause 17.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to these Terms and Conditions are available on the websites of the Issuer and the Trustee. The Issuer shall ensure that any amendments to these Terms and Conditions are duly registered with the CSD and each other relevant organisation or authority.
- 17.4 An amendment or waiver to these Terms and Conditions shall take effect on the date determined by the Holders Meeting, in the Written Procedure or by the Trustee, as the case may be.

18. APPOINTMENT AND REPLACEMENT OF THE TRUSTEE

18.1 Appointment of Trustee

- 18.1.1 By subscribing for Bonds, each initial Holder appoints the Trustee to act as its agent in all matters relating to the Bonds and these Terms and Conditions, and authorises the Trustee to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Bonds held by such Holder, including the winding-up, dissolution, liquidation, company reorganisation (Sw. *företagsrekonstruktion*), or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer. By acquiring Bonds, each subsequent Holder confirms such appointment and authorisation for the Trustee to act on its behalf.
- 18.1.2 Each Holder shall immediately upon request by the Trustee provide the Trustee with any such documents, including a written power of attorney (in form and substance satisfactory to the Trustee), as the Trustee deems necessary for the purpose of exercising its rights and/or carrying out its duties under these Terms and Conditions. The Trustee is under no obligation to represent a Holder which does not comply with such request.
- 18.1.3 The Issuer shall promptly upon request provide the Trustee with any documents and other assistance (in form and substance satisfactory to the Trustee), that the Trustee deems necessary for the purpose of exercising its rights and/or carrying out its duties under these Terms and Conditions.
- 18.1.4 The Trustee is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in these Terms and Conditions and the Trustee Agreement and the Trustee's obligations as agent under these Terms and Conditions are conditioned upon the due payment of such fees and indemnifications.
- 18.1.5 The Trustee may act as agent and/or security agent for several issues of securities issued by or relating to the Issuer and Group Companies notwithstanding potential conflicts of interest.

18.2 Duties of the Trustee

- 18.2.1 The Trustee shall represent the Holders in accordance with these Terms and Conditions. However, the Trustee is not responsible for the execution or enforceability of these Terms

- and Conditions. The Trustee shall keep the latest version of these Terms and Conditions (including any document amending these Terms and Conditions) available on the website of the Trustee.
- 18.2.2 The Trustee shall upon request by a Holder disclose the identity of any other Holder who has consented to the Trustee in doing so.
- 18.2.3 When acting in accordance with these Terms and Conditions, the Trustee is always acting with binding effect on behalf of the Holders. The Trustee shall carry out its duties under these Terms and Conditions in a reasonable, proficient and professional manner, with reasonable care and skill.
- 18.2.4 The Trustee is entitled to delegate its duties to other professional parties, but the Trustee shall remain liable for the actions of such parties under these Terms and Conditions.
- 18.2.5 The Trustee shall treat all Holders equally and, when acting pursuant to these Terms and Conditions, act with regard only to the interests of the Holders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other Person, other than as explicitly stated in these Terms and Conditions and the Trustee Agreement.
- 18.2.6 The Trustee shall be entitled to disclose to the Holders any event or circumstance directly or indirectly relating to the Issuer or the Bonds. Notwithstanding the foregoing, the Trustee may if it considers it to be beneficial to the interests of the Holders delay disclosure or refrain from disclosing certain information other than in respect of an Event of Default that has occurred and is continuing.
- 18.2.7 The Trustee is entitled to engage external experts when carrying out its duties under these Terms and Conditions. The Issuer shall on demand by the Trustee pay all costs for external experts engaged (a) after the occurrence of an Event of Default, (b) for the purpose of investigating or considering an event which the Trustee reasonably believes is or may lead to an Event of Default or a matter relating to the Issuer which the Trustee reasonably believes may be detrimental to the interests of the Holders under these Terms and Conditions or (c) when the Trustee is to make a determination under these Terms and Conditions. Any compensation for damages or other recoveries received by the Trustee from external experts engaged by it for the purpose of carrying out its duties under these Terms and Conditions shall be distributed in accordance with Clause 13 (*Distribution of proceeds*).
- 18.2.8 The Trustee shall enter into agreements with the CSD, and comply with such agreement and the CSD regulations applicable to the Trustee, as may be necessary in order for the Trustee to carry out its duties under these Terms and Conditions.
- 18.2.9 Notwithstanding any other provision of these Terms and Conditions to the contrary, the Trustee is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.
- 18.2.10 If in the Trustee's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Trustee) in complying with instructions of the Holders, or taking any action at its own initiative, will not be covered by the Issuer, the Trustee may refrain from acting in accordance with such instructions, or taking such action, until it has received such

funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.

- 18.2.11 The Trustee shall give a notice to the Holders (a) before it ceases to perform its obligations under these Terms and Conditions by reason of the non-payment by the Issuer of any fee or indemnity due to the Trustee under these Terms and Conditions or the Trustee Agreement, or (b) if it refrains from acting for any reason described in Clause 18.2.10.

18.3 **Limited liability for the Trustee**

- 18.3.1 The Trustee will not be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with these Terms and Conditions, unless directly caused by its negligence or wilful misconduct. The Trustee shall never be responsible for indirect loss.

- 18.3.2 The Trustee shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts engaged by the Trustee or if the Trustee has acted with reasonable care in a situation when the Trustee considers that it is detrimental to the interests of the Holders to delay the action in order to first obtain instructions from the Holders.

- 18.3.3 The Trustee shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to these Terms and Conditions to be paid by the Trustee to the Holders, provided that the Trustee has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Trustee for that purpose.

- 18.3.4 The Trustee shall have no liability to the Holders for damage caused by the Trustee acting in accordance with instructions of the Holders given in accordance with Clause 14 (*Decisions by Holders*).

- 18.3.5 Any liability towards the Issuer which is incurred by the Trustee in acting under, or in relation to, these Terms and Conditions shall not be subject to set-off against the obligations of the Issuer to the Holders under these Terms and Conditions.

18.4 **Replacement of the Trustee**

- 18.4.1 Subject to Clause 18.4.6, the Trustee may resign by giving notice to the Issuer and the Holders, in which case the Holders shall appoint a successor Trustee at a Holders' Meeting convened by the retiring Trustee or by way of Written Procedure initiated by the retiring Trustee.

- 18.4.2 Subject to Clause 18.4.6, if the Trustee is insolvent or becomes subject to bankruptcy proceedings, the Trustee shall be deemed to resign as Trustee and the Issuer shall within ten (10) Business Days appoint a successor Trustee which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.

- 18.4.3 A Holder (or Holders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice may only be validly given by a Person who is a Holder on the Business Day immediately following the day on which the notice is received by the Issuer and shall, if given by several Holders, be given by them jointly),

require that a Holders' Meeting is held for the purpose of dismissing the Trustee and appointing a new Trustee. The Issuer may, at a Holders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Holders that the Trustee be dismissed and a new Trustee appointed.

- 18.4.4 If the Holders have not appointed a successor Trustee within ninety (90) calendar days after (a) the earlier of the notice of resignation was given or the resignation otherwise took place or (b) the Trustee was dismissed through a decision by the Holders, the Issuer shall appoint a successor Trustee which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 18.4.5 The retiring Trustee shall, at its own cost, make available to the successor Trustee such documents and records and provide such assistance as the successor Trustee may reasonably request for the purposes of performing its functions as Trustee under these Terms and Conditions.
- 18.4.6 The Trustee's resignation or dismissal shall only take effect upon the appointment of a successor Trustee and acceptance by such successor Trustee of such appointment and the execution of all necessary documentation to effectively substitute the retiring Trustee.
- 18.4.7 Upon the appointment of a successor, the retiring Trustee shall be discharged from any further obligation in respect of these Terms and Conditions but shall remain entitled to the benefit of these Terms and Conditions and remain liable under these Terms and Conditions in respect of any action which it took or failed to take whilst acting as Trustee. Its successor, the Issuer and each of the Holders shall have the same rights and obligations amongst themselves under these Terms and Conditions as they would have had if such successor had been the original Trustee.
- 18.4.8 In the event that there is a change of the Trustee in accordance with this Clause 18.4, the Issuer shall execute such documents and take such actions as the new Trustee may reasonably require for the purpose of vesting in such new Trustee the rights, powers and obligation of the Trustee and releasing the retiring Trustee from its further obligations under these Terms and Conditions. Unless the Issuer and the new Trustee agrees otherwise, the new Trustee shall be entitled to the same fees and the same indemnities as the retiring Trustee.

19. APPOINTMENT AND REPLACEMENT OF THE ISSUING AGENT

- 19.1 The Issuer appoints the Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds.
- 19.2 The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed. If the Issuing Agent is insolvent, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.

20. APPOINTMENT AND REPLACEMENT OF THE CSD

- 20.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to the CSD.
- 20.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Holder or the listing of the Bonds listed on the corporate bond list of Nasdaq Stockholm. The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Swedish Securities Market Act (*Sw. lag (2007:528) om värdepappersmarknaden*).

21. NO DIRECT ACTIONS BY HOLDERS

- 21.1 A Holder may not take any steps whatsoever against the Issuer or a Subsidiary to enforce or recover any amount due or owing to it pursuant to these Terms and Conditions, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (*Sw. företagsrekonstruktion*) or bankruptcy (*Sw. konkurs*) (or its equivalent in any other jurisdiction) of the Issuer or a Subsidiary in relation to any of the liabilities of the Issuer or a Subsidiary under these Terms and Conditions. Such steps may only be taken by the Trustee.
- 21.2 Clause 21.1 shall not apply if the Trustee has been instructed by the Holders in accordance with these Terms and Conditions to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Holder to provide documents in accordance with Clause 18.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Trustee under these Terms and Conditions or the Trustee Agreement or by any reason described in Clause 18.2.10, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 18.2.11 before a Holder may take any action referred to in Clause 21.1.
- 21.3 The provisions of Clause 21.1 shall not in any way limit an individual Holder's right to claim and enforce payments which are due to it under Clause 10.4 (*Mandatory repurchase due to a Change of Control Event or a De-listing Event (put option)*) or other payments which are due by the Issuer to some but not all Holders.

22. TIME-BAR

- 22.1 The right to receive repayment of the principal of the Bonds shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of Interest (excluding any capitalised Interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Holders' right to receive payment has been time-barred and has become void.
- 22.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (*Sw. preskriptionslag (1981:130)*), a new time-bar period of ten (10) years with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to the right to receive payment of Interest (excluding capitalised Interest) will

commence, in both cases calculated from the date of interruption of the time-bar period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.
